

Kinetic Molecular Theory and other Terms: Science 8 Pgs 101-107

Define the following terms in full sentences in your own words.

Force:

Flow rate:

Kinetic Molecular Theory:

Melting:

Evaporation:

Sublimation:

Turbulent Flow:

Drag:

Cohesion:

Surface Tension:

Aerodynamics:

Hydrodynamics:

Condensation:

Solidification:

Laminar Flow:

Streamlined:

Viscosity:

Adhesion:
